

DIETER'S STUGGO RELIEF

LOUISA A. DIETER.
No 105 & 107 N. HOWARD STREET.
BALTIMORE MD.

YOUR attention is invited to the enclosed designs, showing the latest productions in artistic relief work for interior decoration. DIETER'S STUCCO RELIEF is pre-eminently suited to meet the wants of the practical decorator, its lightness and durability, its bold yet clear cut relief, and its elegance of design, combined with the simplicity of its application make it the equal of any relief material now on the market.

We are prepared to furnish the same in Plaster or Carton-Pierre, as desired.

We shall be pleased to submit estimates for special modelings from Architects or Decorators' drawings, or upon application, we will furnish original colored sketches, showing the work in a completed state.

If desired we will be pleased to estimate on putting the material in place, or will furnish the same complete, with plan for putting up. We shall take great pains to furnish these goods to order, in the shortest possible time, avoiding all unnecessary delay and annoyance.

Particular attention is desired to our line of colored designs, showing the various methods of treatment; these we furnish to the trade at the lowest possible price, consistent with artistic merit.

We shall be pleased to correspond in regard to all details.
